**Title: Managerial Economics**

**Objective**  
The course is designed to enable students to appreciate the contribution of economics to the business process and to evaluate economics of corporate objectives, market structure and costs.

**Learning Outcomes**  
The course will develop students' capacity to:

1. Think critically about the contribution of economics in business.
2. Understand the constraints the environment places on the organization's pursuit of its goals
3. Analyze the economic environment in which an org. operates.

**Methodology**  
The course will commence with making the students understand the basic economic theories and subsequently learn about practices followed by the
